

## Summer work – Physical Science 2021-2022

- Preparation -
  - Review Appendix B – Math helps
  - Review Appendix F – Creating graphic organizers
  - We will be using One Note Notebook to complete homework. This program/app is available through your students access to Office 365. We will be going over how to use One Note on the first day of class, but it will be helpful if you are familiar with it before the first day of class. I will be sending you a link to the class notebook once the class rosters are finalized.
    - Students will be encouraged to take notes in One Note during class if they are able to bring laptops or tablets. If not, they can take notes on paper and upload them to One Note at home. There will be a participation grade tied to their note taking.
- Assignment -
  - Read pg 3- 10 in your text book
    - Complete Review Questions 1A #1-8 on page 11. There is an attached word document for you to use to answer these questions. We will upload these to One Note, but please bring a hard copy on the first day of class.
      - Questions should be answered completely. Complete sentences are not required but answers should be complete thoughts not one word answers.
  - Begin to study the scientific terms in Appendix A
    - We will take a quiz on terms #1-20 on the second day of class.
    - Each week we will add 20 terms until we learn all 118 terms
    - I have prepared a quizlet for the terms with the first 20 starred. I will send out the link once I have the class roster. If you would like access earlier, please email me at [tracy.boberg@arrowsacademyga.org](mailto:tracy.boberg@arrowsacademyga.org)
